That the day passed yesterday without some one breaking his neck by a fall is a marvelous wonder.

Dinner will be served Saturday, Tobacco Fair Day, at the store recently vacated by D. Hunt & Son, for the benefit of the Y. M. C. A.

The Redmen initiated three palefaces at their meeting last night, and elected several others. They have several new applications.

While on his way home last night and when just beyond the bridge, Mr. Charles McCarthy fell on the icy pavement and was seriously hurt about the side and back.

Thursday afternoon Dr. L. Brand and Dr. John A. Reed performed a surgical operation on Mr. Walter C. Woodruff for hemorrhoids. Mr. Woodruff is doing as well as could be expected.

On "Tobacco Fair Day" we will offer some very low prices on Sterling Spoons and Forks, Ladies' and Gent's Gold and Gold Filled Watches and Chains, Cut Glass, and on every article we will make a decided cut. Compare our prices.
MURPHY, the Jeweler.

The general merchandise store of Mr. C. E. Kummans at Tollebo's was entered Wednesday night by a person who had a key to the place, and after drilling at the safe and breaking off the drill, he pounded the combination knob into a shapeless mass. He got nothing for his troubles.

It is reliably reported that a dog fancier of this city visited Louisville this week and pitted his bull pup against a Louisville dog in a battle royal. The story goes that besides losing a good big wad the Maysville man's dog was literally torn to pieces and killed in the pit. Can you spot the fellow?

There is a seed time and harvest with all of us. Just now it's the Hon. James N. Kehoe's sowing. One day this week Postmaster Mathews's postal force distributed the contents of seven or eight large sacks filled with seeds sent by the genial Jeems to his constituents and others here is angling after in this county. There were all kinds and varieties of seeds.

Mr. George Dinger, who resides in the second story of the building occupied by the Wood brothers as a meat store in Market street, had a narrow escape from serious injury yesterday morning. The steps leading from the second story were covered with a perfect glare of ice, and as he was about to descend he slipped and fell from the top to the pavement, a distance of some fifteen feet, and how he escaped breaking his neck is a miracle.

It's not a pleasant thing to be left at the post either in a horse race or in gathering news, but then it is better sometimes to be a little slow and more accurate. Last night's Post contained an item in regard to the new rural route fellows that was forestalling by surmising things. The proper one in this city who would have had knowledge of such matters informs THE LEDGER that there is nothing in the statement so far as he knows, and if it was so he would most likely be informed.

When it comes to dressing windows Major William H. Means's right bower, Mr. James A. Egnew, is no slouch by any means. His window is dressed for Tobacco Fair and he has exposed to view corn of all Nations and colors. There is a sample of brown from Japan; blood red, Russia; purple, China; green, Ireland; red, Germany; yellow, Fleming county; white, Mason county. There is one ear of white corn that measures sixteen inches, and it wasn't raised in the "state of Lewis," either.

Colonel George Hunt's streetcar caught seventeen passengers off No. 2 yesterday afternoon—including one gentleman who fell all over the First Ward in his efforts to get thar.

The \$10,000 damage suit of Mabel Hurst against Dr. Davis occupied the attention of the Circuit Court yesterday, and is likely to do so for several more. These damage suits are becoming monotonous.

Ordinarily Bob Thompson, the efficient merchant policeman, is proud, but since Mr. James L. Finerty has presented him with a badge insignia of his office, he is vain as a peacock with its tail feathers spread. The badge is a pretty design made of pure German silver, gold plated, and it's natural that he should be proud of such a handsome and valuable gift.

The many friends here of Mrs. Jennie Veith, formerly Miss Jennie Brodt, will deeply regret to learn of the unfortunate accident which befell her little daughter, Georgia May, at her home in Newport a day or so since. During the absence of Mrs. Veith from the room the little one secured a match, and lighting it, accidentally set fire to her clothing. She was painfully, but not fatally, burned about the head and shoulders. Mr. John Brodt, Mrs. Veith's father, left this morning for Newport.

CLEAN SNOW OFF PAVEMENT

Nothing in the way of weather will prevent a crowd coming to the Tobacco Fair tomorrow. The Board of Trade requests every one to clean snow off pavement.

SAMUEL H. RUDY.

Mr. Samuel H. Rudy, aged 21, died this morning at 3:30 o'clock of pleural pneumonia, at the home of his parents, Mr. and Mrs. George H. Rudy, in Forest avenue.

He had only been sick for a few days, being first taken at Cincinnati, where his father went and brought him home.

The funeral arrangements will be made later.

THOMAS LEYLAND.

The following telegram will carry regret to several Maysville homes—

BOSTON, MASS., February 18, 1904.
J. C. Pecor, Maysville, Ky.: Father died this morning. Services 9:30 a. m. Sunday.

MISS MARY LEYLAND.
Thomas Leyland was a native of England, but nearly his whole life of 74 years had been spent in this country, chiefly in and around Boston.

During the early 60's he came to Maysville as the representative of ex-Governor Claflin and other Massachusetts gentlemen who were interested in the then Union Coal and Oil Company, remaining until about 1870.

Whilst here, he formed acquaintance with a fellow-Englishman, the late honored citizen, James Smith, and to the day of the latter's death their friendship was as loyal as that of Damon and Pythias; and to the last he never failed to come from his New England home to share in Mr. Smith's annual birthday observance.

All of Mr. Leyland's close business associates in this city preceded him to the Great Beyond—among them Harrison Taylor, Thomas J. Pickett and James Barbour—and those who knew him well are now "few and far between."

He was a gentleman of rare attainments, literary and social, and his loss will be felt far beyond the circle of his home.

His wife, who was a sister of Mr. John Walsh of this city, died some ten years since, and he has surviving three daughters, two of whom are married.

Funeral services will be held at 9:30 Sunday morning at his late home, Roxbury, Boston, and interment will be in the family lot at Lawrence, Mass.

He rests in peace.

Mr. Samuel Middleman of Cincinnati has opened a Junk Shop in Wall street, where he is prepared to receive and pay the highest cash price for old iron, rags, bottles and all kinds of Junk.

"It is the law of American politics that no man can make himself a candidate for President, and no man can prevent himself from being a candidate for President."—From a statement made by the late James G. Blaine.

If the so-called Democrats of today were real Democrats, they'd be Republicans.

It is reported that a package of Russians a few days ago made a "demonstration" against the United States gunboat Helena at Yeng-Kow. The Messrs. JIEFFSKY had better "look a leedle oud," else some of Uncle Sam's guns will go offsky and hurtovich them.

As the result of the war in the far East the American farmer is receiving the highest price paid for his wheat in years. On the Board of Trade at Chicago yesterday No. 2 red winter wheat was quoted at \$1.05, and No. 3 \$1.04. The demand at Chicago for the milling grades is very strong. In the speculative market the May option advanced yesterday morning from 97½ to 99c, and old July from 89½ to 90½. The bulls are rampant and predict the dollar mark for July.

Orders have been received at the Presidio at San Francisco, according to rumor, to hold the Tenth and Twenty-eighth Infantry and Fourth Cavalry in readiness for transportation to the far East. Following the alleged receipt of the order the privilege of visitors at the Presidio has been restricted. As the Regiments affected only recently returned from the Philippines, the presumption is that the preparations or eventualities in the Russo-Japanese War are being made.

The Senate at Frankfort yesterday passed Appellate Redistricting Gerrymander Bill, creating the new county of me up and was referred to the Committee. Rules, of which President Thorne himself is Chairman. The Senate adopted a resolution to hold afternoon sessions. The House, by a vote of 45 to 26, refused to take from the order of the day and make a special order of the Newman Schoolbook Bill, which embodies Governor Beckham's recommendations for improving the Cantrill Book Law recently enacted.

Carloads of petroleum will be set on fire on the great ice gorge as Kipp's Rnn, Pa., in an effort to melt the gorge and move the thirty miles of house-high ice which is blocking the Susquehanna river. Large pools of oil will be formed and in them placed railroad ties. The fierce heat of this fire, it is believed, will eat a hole to the bottom of the ice, which in some places is thirty feet thick. Hundreds of men will be engaged in the work, and scores of fires will be started. Towns which are now threatened by the gorge are becoming desperate. Great damage threatens them if the gorge breaks when the river is in flood.

GERMAN SYRUP.

We want to impress on our readers that Rosche's German Syrup is positively the only preparation on the market today that does relieve and cure consumption. It contains the specific, such as pure tar, extracts of gum, etc., which have been so highly indorsed for the cure of coughs, colds, and consumption by the great medical congresses. The consumptive, whether his disease is in the throat or lungs, must have rest at night, and be free from the spasm of dry and racking cough in the morning. The diseased parts want rest, healing and soothing treatment, and the patient needs fresh air, good food, etc. German Syrup will give free and easy expectoration in the morning with speedy and permanent relief. Small bottles, 25c; regular size, containing nearly four times as much, 75c. At Henry W. Ray's Drugstore.

CUTICURA REMEDIES.

A Remarkable Testimonial from
a Most Intelligent and
Trustworthy Lady.

"A tumor came on my neck and in a day or two it was as large as half an orange. I was very much alarmed for fear it was malignant. My friends tried to persuade me to consult my physician; but dreading that he would insist on using the knife, I would not consent to go. Instead, I got Cuticura Resolvent and Cuticura Ointment. I took the former according to directions, and spread a thick layer of the Ointment on the swelling. On renewing it I would bathe my neck in very warm water and Cuticura Soap. In a few days the Cuticura Ointment had drawn the swelling to a head, when it broke. Every morning it was opened with a large sterilized needle, squeezed and bathed, and fresh Ointment put on. Pus and blood, and a yellow, cheesy, tumorous matter came out. In about three or four weeks' time this treatment completely eliminated the tumor. The soreness that had extended down into my chest was all gone, and my neck now seems to be perfectly well.

"About five or six years ago my sister had a similar experience, used the Cuticura Remedies with magical effect. I am willing you should use my testimonial, with the further privilege of revealing my name and address to such persons as may wish to substantiate the above statements by personal letter to me." Chicago, Nov. 12, 1902.

Sold throughout the world. Cuticura Resolvent, 50c. (in form of Chocolate Coated Pills, 50c. per box of 50). Ointment, 50c. Soap, 25c. Depots: London, 27 Charterhouse St.; Paris, 4 Rue de la Paix; Boston, 18 Columbus Ave.; Potter Drug & Chem. Corp., Sole Proprietors.

MR. RIGDON'S BILL

Bracken's Representative's Pet
Measure Passed the House

After many vicissitudes and amid much laughter the baking powder bill of Representative S. D. Rigdon of Bracken passed the House by a vote of 56 to 12. It is said that it was passed only because it was the occasion of so much laughter that the legislators had not the heart to kill it.

It stands a good chance in the Senate, and will probably become a law.

It is directed against the adulteration of baking powders by alum, ammonia or other ingredients.

The bill was first given to the Committee on Public Health in the House, but was jocularly recommitted to the Committee on Internal Improvements, and approved by them.

A motion failed to recommit it to the Committee on War, because the baking powders Mr. Rigdon described were so highly explosive as to be really deadly.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip.) and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by J. Jas. Wood & Son.

Overworked
Women.

The Suffering and Pain Endured
by Many Working Women
is Almost Beyond Belief.

How distressing to see a woman struggling to earn a livelihood, or perform her household duties when her back and head are aching! She is so tired she can hardly drag about, and every movement causes pain, the origin of which is quickly traced to some derangement of the female organism.

When the monthly periods are painful or irregular, when backaches and headaches drive out all ambition, when "I-can-hardly-drag-about" sensation attacks you, when you are "so-nervous-it-seems-as-though-you-would-fly," it is certain that some female derangement is fastening itself upon you. Do not let the disease make headway; write your symptoms to Mrs. Pinkham at Lynn, Mass., for her free advice, and begin at once the use of the medicine that has restored a million women to health—

Lydia E. Pinkham's Vegetable Compound.

Profit by the Experience of the
Women Whose Letters Follow:

"DEAR MR. PINKHAM:—Your medicine has done so much for me I want to tell everyone how it absolutely cured me. Three years ago, when my dear husband was sick in his last illness, I lifted him and hurt myself. I felt the strain, then I felt something give way inside. Afterwards I found it was my womb, and I suffered the most dreadful agonies from falling of the womb. I began dressmaking, but could not do my work for pain and nervousness. Trying to sit still and sew seemed to drive me nearly crazy, and I did not seem able to get any help from doctors or medicine. I was so unstrung and nervous I hardly dared to go out in the street, for fear I would not get home safely. It would make me scream to see a car coming even, and I was so terribly run down I did not know what would happen. A friend suggested I take Lydia E. Pinkham's Vegetable Compound, and on her advice I bought a bottle. It did me so much good I bought more and kept on taking it, and when I had taken eight bottles I was entirely cured.

"Whenever I hear of a woman suffering I tell her about my cure, for your medicine has helped me so much I knew it would help all suffering women. Women need not get so discouraged over their health, if they would take your advice and medicine."—MRS. BERTHA HEMBERG, 224 East 96th St., New York, N. Y.

"DEAR MRS. PINKHAM:—I cannot tell you with pen and ink what good Lydia E. Pinkham's Vegetable Compound did for me, when suffering from the ill peculiar to the sex, extreme lassitude and that all-gone feeling. I would rise from my bed in the morning feeling more tired than when I went to bed, but before I had used two bottles of Lydia E. Pinkham's Vegetable Compound, I began to feel the buoyancy of my younger days returning, became regular, could do more work and not feel tired than I had ever been able to do before, so I continued to use it until I was restored to perfect health. It is indeed a boon to sick women and I heartily recommend it. Yours very truly, MRS. ROSA ADAMS, 819 12th St., Louisville, Ky."—Niece of the late General Roger Hanson, U. S. A.

The Kidneys Are Weakened by Over-Work.
 Healthy Kidneys Make Impure Blood.
 It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root, by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

 Big Delegation Expected From Cincinnati at the Fair Tomorrow

The Maysville Tobacco Fairs have become very popular with the business men of Cincinnati and a representative body is expected here tomorrow, larger in numbers than on the former occasions.

The party will be accompanied by a superb band and a number of the finest looking members of the Cincinnati police force.

The party will be met at the Depot by a delegation of Maysville citizens and escorted to Washington Opera-house, where the afternoon's exercises are to be held.

CLAY CLEMENT IN "THE NEW DOMINION."
 "The New Dominion," as presented by Mr. Clement, excels anything of the kind that has ever been seen upon the stage, and the beauties of the character of Hohenstaufen, its refinement, its perfection, must be seen to be appreciated. "The New Dominion" is a delightful American love story of the Southland, pure in tone, elevating in character, and charming in its simplicity. There is no gushing sentimentality in it,—the incidents all breathe an air of purity and refinement. The story is like the budding and gradual unfolding of a beautiful flower in a pure atmosphere, at times exhilarated by rays of sunshine, at others, shrouded in temporary gloom or chilled by passing showers.

KODOL
 Digests What You Eat
Weak Hearts

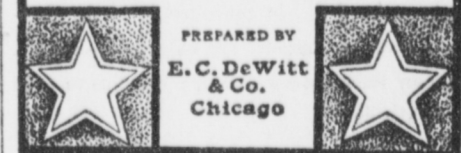

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased.

Kodol
 Digests What You Eat

Mrs. Loring Nichols of Penn Yan, N. Y., writes: After eating, my food would distress me by making my heart palpitate and I would become very weak. Finally I got a bottle of Kodol and it gave me immediate relief. After using a few bottles I am cured.

Kodol cures indigestion, dyspepsia and all stomach disorders, and gives the heart a full, free and untrammelled action.

Bottles only. \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c.

The Smith & Nixon Piano Co.

Suggests the Following:

When Columbus discovered America he found a savage population, ignorant, ill-fed and without intelligence, yet they had some idea of music. They had the idea of RYTHM, and used cymbals, tom-toms, etc., to reproduce their ideas. The finished artist of today, hailing as he usually does from sunny skies, whose languorous air tends to MELODY, expresses his ideas with the violin and other stringed instruments.

The piano is the only musical instrument that combines the earlier idea, RYTHM, with the later and finished idea, MELODY. Therefore, THE PIANO IS THE ONLY MUSICAL INSTRUMENT IN EXISTENCE CAPABLE OF EXPRESSING MUSICAL IDEAS IN THEIR ENTIRETY.

This accounts for the fact that piano performers are in great demand and receive better pay for their work than any other class of artists.

Life insurance is a good estate to leave to your children, but when your guiding hand no longer directs the investment it may take wings! A musical education is an estate that cannot take wings. A musical education cannot be torn from them. If you leave as an estate a piano and musical education you have the assurance that no matter what happens your loved ones are assured of a good income.
